WARRANTY REGISTRATION AND WARRANTY CLAIM PROCEDURE

In the event of a warranty claim of a defect in the materials or workmanship of the Cover covered under the provisions of this limited warranty; the original retail purchaser must first notify, in writing, the retail dealer who sold the Cover within ten (10) days of the initial discovery of defect. Detailed photos of the Cover along with the Cover production tag, located on the underside of the cover skirt, should be provided for inspection and determination of the alleged warranty claim. If the retail dealer does not provide support, then the purchaser should contact Master Spas' customer service department, at customerservice@masterspas.com or provide written notice of the defect at the address below. Within a reasonable time of receipt of the notice of the warranty claim, valid proof of purchase and detailed photos of the alleged claim; Master Spas will inspect detailed photos of the Cover provided by the retail purchaser or, if necessary, arrange inspection of the Cover through the retail dealer or service center to determine if the alleged defect is covered under this limited warranty.

If it is determined that claim is not covered by this limited warranty, the cost of replacement is the sole responsibility of the purchaser. If it is determined that the defect is covered under this limited warranty; Master Spas, through the retail dealer or an approved independent service center, will authorize and provide replacement component(s) for the Cover or replace the Cover. Replacement items would be picked up at the retail dealer or service center location once received or shipped directly to the retail customer. Any labor costs provided by a retail dealer or service center to inspect, repair or replace the cover for the retail purchaser along with any freight and shipping costs of the replacement component(s) or Cover are the responsibility of the retail purchaser.
