

Getaway™

SPAS

THE EVERYDAY VACATION

MASTERSPAS®

YOUR EVERYDAY ESCAPE.

A getaway is about stepping away from the noise — slowing down, reconnecting, and enjoying the moment you're in. It's that sense of calm you feel on vacation, when the schedule loosens and everything feels a little easier.

Getaway Spas by MasterSpas help you bring that feeling home.

Whether it's in your backyard or part of a short-term rental property, a Getaway Spa turns any space into a destination. It's a place to unwind after a long day, spend time with friends, or give guests an experience they'll remember.

Built with quality American craftsmanship and intentional design, Getaway Spas are made for comfort, reliability, and everyday enjoyment. From contoured seating to features designed to help you relax, every detail is considered. The result is a spa that feels inviting, easy to use, and ready whenever you need a break.

Treat yourself — and the people around you — to the ultimate getaway.

A TRUE DESTINATION

Getaway Spas by MasterSpas are designed to create that “ahh” feeling the moment you step in. Whether it’s an early morning soak or a relaxed evening with friends, it’s a place where moments feel easy, unhurried, and naturally comfortable.

For home or home away from home

Ideal for backyards, patios, and vacation properties, Getaway Spas fit comfortably into a wide range of spaces without sacrificing comfort. Plug-and-play options and a compact footprint make installation simple, so you can start enjoying your spa sooner.

Water care made simple

Clean water shouldn’t feel complicated. Getaway Spas feature mineral filtration with EcoPur® Charge Master Core Technology, using natural copper and zinc to help reduce impurities. The result is water that stays clear, feels better on your skin, and requires fewer added chemicals — so you can spend more time enjoying your spa and less time maintaining it.

Easy to own

Getaway Spas are designed to be efficient, dependable, and ready when you are. Full-foam insulation helps lock in heat and maintain consistent water temperature, while a snug-fitting, durable cover helps reduce energy use and operating costs. Every model meets strict energy-efficiency standards, making Getaway a smart long-term choice.

Quality design that feels good

Getaway Spas are built for everyday use — whether you’re enjoying a quiet soak or welcoming guests. High-density polyethylene unibody construction creates a strong, lightweight shell that resists scratches, fading, and wear, while supportive seating and intuitive controls keep every soak comfortable and easy.

RELAX. IT'S MASTERSPAS.

For over 30 years, MasterSpas has been helping people create customized sanctuaries. We've crafted lines of hot tubs and swim spas that aren't just backyard soakers, but places for families to come together, friends to connect and individuals to relax and recharge. We're at the forefront of the industry, pushing spa technology and design so that it's more comfortable, beautiful and efficient. Our goal is for each customer to find respite with our products — however that looks for them. So whether you want a place to unwind, a healthy daily ritual or a communal gathering spot, MasterSpas has the solution.

Rooted in American Craftsmanship

Since our beginning, MasterSpas has been committed to manufacturing in the USA. All our spas are made and assembled in America with domestic and foreign components. We are a fixture in our community, employing hundreds of workers at our state-of-the-art 614,000 SF manufacturing facility in Fort Wayne, Indiana. And, we're proud to say that MasterSpas is the largest swim spa manufacturer in the world and the largest manufacturer of hot tubs built in the USA.

MASTERSPAS CARES

Helping others live a better life isn't just why we make the products we do — it's part of our value system. We began MasterSpas Cares as a way for us to give back and support others toward a better tomorrow. Through corporate donations and matches, dealer contributions and sales promotions, we're able to help the following wonderful charitable organizations that focus on worthy causes and people.

Leads the way the world understands, treats and defeats childhood cancer and other life-threatening diseases

Provides housing for injured veterans and first responders, as well as the families of those killed in the line of duty

Improves the quality of life for people living with lupus through research, advocacy and support

Funds research to find a cure for breast cancer and improve therapies for the most difficult-to-treat types of the disease

Promotes healthy active lives, water safety, and mental wellness, especially for children, by expanding access to swimming through the Boys and Girls Club of America and Special Olympics International

Searches for a cure for Parkinson's disease and ensures the development of improved treatments for the neurological disorder
