YOUR EVERYDAY ESCAPE

It's the place you look forward to settling into, whether you're easing tight muscles or catching up with the people who matter most. With everyday comfort and purposeful features, an LH Spa makes it easier to feel your best at home.

Hydrotherapy that Works

A powerful pump system and strategically placed jets deliver steady, soothing relief. Settle in and let warm water help ease tension, support mobility, and encourage better rest. Whether it's a quiet moment alone or a fun night with family, you'll feel the difference every time you step in.

Water Care Made Simple

Keeping water clean shouldn't feel complicated. Our EcoPur® mineral filtration uses copper and zinc to help reduce impurities — meaning fewer added chemicals and water that feels better on your skin. Want even easier upkeep? The Master Clear® Salt System delivers smart, low-maintenance water care. A premium option for LH Spas, this innovative salt system helps keep water clear and ready when you are.

Easy to Own

Owning a hot tub shouldn't add to your stress. LH Spas feature energy-efficient technology to help manage operating costs and a durable build that's made to last. And with a library of helpful resources and customer support from MasterSpas, you're never on your own.

Design that Feels Good

Seating that supports you. Controls that are easy to use. Materials made to handle the elements. LH Spas are thoughtfully designed for everyday comfort — and crafted to look just as good years from now as they do today.

RELAX. IT'S MASTERSPAS.

For over 30 years, MasterSpas has been helping people create customized sanctuaries. We've crafted lines of hot tubs and swim spas that aren't just backyard soakers, but places for families to come together, friends to connect and individuals to relax and recharge. We're at the forefront of the industry, pushing spa technology and design so that it's more comfortable, beautiful and efficient. Our goal is for each customer to find respite with our products — however that looks for them. So whether you want a place to unwind, a healthy daily ritual or a communal gathering spot, MasterSpas has the solution.

Rooted in American Craftsmanship

Since our beginning, MasterSpas has been committed to manufacturing in the USA. All our spas are made and assembled in America with domestic and foreign components. We are a fixture in our community, employing hundreds of workers at our state-of-the-art 614,000 SF manufacturing facility in Fort Wayne, Indiana. And, we're proud to say that MasterSpas is the largest swim spa manufacturer in the world and the largest manufacturer of hot tubs built in the USA.

MASTERSPAS CARES

Helping others live a better life isn't just why we make the products we do — it's part of our value system. We began MasterSpas Cares as a way for us to give back and support others toward a better tomorrow. Through corporate donations and matches, dealer contributions and sales promotions, we're able to help the following wonderful charitable organizations that focus on worthy causes and people.

Provides housing for injured veterans and first responders, as well as the families of those killed in the line of duty

Improves the quality of life for people living with lupus through research, advocacy and support

Promotes healthy active lives, water safety, and mental wellness, especially for children, by expanding access to swimming through the Boys and Girls Club of America and Special Olympics International
